

Mt. Carmel, Utah.
September 28, 1931.

Mr. George M. Bacon, State Engineer,
Salt Lake City, Utah.

Dear Sir:

LONG VALLEY DIST. State Engineer's Office

I have received your letter of September 25 together with the check for \$70.00 and the claim voucher that was to be signed. I went to a Notary today and had it sworn and signed as you requested and am returning it herewith.

I saw Mr. Osmer Lamb of the Mt. Carmel Irrigation Company just now and he says that the Mt. Carmel assessment of \$12.50 is being paid and the same forwarded to you in today's mail.

It may be that we can get some action on those dividers this fall or early next Spring. I will do what I can toward it if anyone else will help.

Yours truly,

Birt Gardner
